To avoid losing a generation of young people the Ladder for Shropshire can provide clear direction on all the new incentives and programmes on offer.

“Apprenticeships open up doors and opportunities that will set young people up for life” .

Gavin Williamson MP, Education Secretary

The Covid-19 pandemic has impacted badly on the employment prospects for young people. The numbers of unemployed have escalated and employers are needed to step up to offer opportunities to support the economic recovery of the area.

“Hard working apprentices, who believe in the company and the product can bring enthusiasm and energy to a site.”

Are you ready to step up?
