

**Date: 13<sup>th</sup> January 2021**

**Closing date for applications: 29<sup>th</sup> January 2021**

**Job title: Web Developer**

**Hours: Full time**

**Location: Office based ideally but initially can work remotely**

Clickingmad are seeking to add to their in-house team of developers. For 21 years we have been designing, building and promoting websites to a wide range of business types and sizes. Based in beautiful Bridgnorth in Shropshire, ideally the successful candidate will be willing to work as part of the team in our offices, but initially the role can be remote.

This is a genuine opportunity for an ambitious and skilled developer to join an already strong and supportive team.

### **YOU**

#### **Essential skills**

- Essential skills: HTML5, CSS3 and JavaScript/JQuery
- Able to work in a team with a positive 'can-do' attitude
- A keen eye for detail and a willingness to learn new skills
- Show initiative and be able to multi-task

#### **Desired skills**

- Working knowledge of PHP & MySQL
- Team player ready to collaborate with others
- Experience with systems such as Joomla, WordPress and Magento would be a real bonus
- Experience in converting designs into websites would be an advantage

#### **Your background**

A degree in Computer Science, Website development or related areas of digital studies are preferred. However, if you can confidently code in HTML5, CSS3 and JavaScript we encourage you to apply.

You will need to demonstrate a passion for all things digital, working with existing and developing new web applications (showcasing your own developments outside of your studies is a huge plus).

Related professional work experience, placement or employment in a similar role would also be beneficial.

### THE JOB

#### Duties and responsibilities

- Writing code in one or more programming or scripting languages, such as HTML, CSS and JavaScript/JQuery as well as management of the existing projects
- Testing sites and applications in different browsers and environments
- Writing stable and reusable code adhering to the current coding standards
- Working closely on various projects with Customers and our Dev Team to ensure excellent results from inception to completion/handover and ongoing support
- Keeping up to date with current digital trends

#### Job Location

Bridgnorth. Shropshire. Will initially be remote under the current circumstances, so you need to be able to work from home effectively.

#### Benefits

- Friendly, relaxed but professional team spirit
- Further skills development, training and support
- 29 days paid holiday including bank holidays
- Generous benefits including a private healthcare scheme and pension scheme
- Competitive salary (dependent on experience) and performance related bonuses

#### How to apply:

Send your personal details and experience to [careers@clickingmad.com](mailto:careers@clickingmad.com)

We will be holding interviews using Zoom video calls.

If you wish to have a relaxed initial chat about the role please contact the MD, Shaun Carvill on 01746 769612.
